On November 8-9, 2003, the CBS Television Network preempted THE WILD THORNBERRYS, CHALKZONE, LITTLE BILL, DORA THE EXPLORER and BLUE'S CLUES in order to schedule 5 additional episode of HEY ARNOLD! Consequently, on Saturday November 8, KCTV5 preempted THE WILD THORNBERRYS, regularly scheduled at 10:00am; CHALKZONE, regularly scheduled at 11:00am; and LITTLE BILL, regularly scheduled at 11:30am and aired 3 episodes of HEY ARNOLD! in these time periods. Also, on Sunday November 9, KCTV preempted DORA THE EXPLORER, regularly scheduled at 7:00am; and BLUE'S CLUES, regulary scheduled at 7:30am and aired 2 episodes of HEY ARNOLD! in these time periods. In the past, CBS has received an informal opinion from FCC staff that the preemption of regularly-scheduled E/I programs would not present a problem both because the rules anticipate some preemptions and because the preemptions were for other E/I programming.

Neighborhood Weather Network: Many schools throughout the Kansas City metropolitan area are equipped with Automated Weather Source systems and make up KCTV5's Neighborhood Weather Network. The systems are designed so students and teachers can access their own local weather stations or any other remote station on the network and view the data collected in a number of different formats. This data can be integrated into a hands-on classroom curriculum, including lesson packs for all grade levels. The different weather networks are also used during newscasts to show current weather conditions at different locations throughout the community.
